

Needed Short Term Committee Members!

BCDHA is reviewing its bylaws with the intention of updating them at our next AGM (Spring 2021). We're looking for a small group of members who are interested in collaborating with us to develop recommendations around topics such as composition of the board, term limits, member voting rights, honorariums, etc.

No experience or knowledge of bylaws is required. The goal of this committee will be to bring your ideas and voices forward to the Board and the legal team. The committee will meet via zoom (likely in the early evenings, depending on the will of the group). We anticipate total time commitment to be less than five hours per month for two to three months (including readings, meetings, email etc.). The Executive Director will serve as facilitator and support for the committee. All expenses (if any) will be compensated and there will be a small honorarium for participants.

All BCDHA members, including retired and student members, are welcome to apply with the exception of former or current BCDHA Board Directors or Staff. The opportunity to participate will be given on a first-come, first-serve basis.

Send an email to aburton@bcdha.com no later than September 25, 2020. Include your name and contact info, a brief biography and a few sentences detailing your interest and why you think this is the opportunity for you!

Come and collaborate with us! Your voice is important!
